Blew By You chorus 2

I feel so bad I'm not that old. I find my head is always cold

First time that duct tape failed to hold and it blew by you.

If I should find that piece of mine, gotta make sure it sticks this time,

My staple gun will hold it just fine no more blew by you.

I'm going back some day for my toupee that blew by you

(harmony parts) - so sad but true

Was so debonair in my store bought hair that blew by you

(harmony parts) -it really blew

I got no peace of mind without that piece of mine – My head looks like a baby's behind.

I'm go-in' (to bar 33)
